handcrafted recycled aluminium

INTRODUCING EXCITING NEW PRODUCT DESIGNS

ZEN BASIN PEDESTAL

with fitted aluminium basin

Our range of existing basin pedestals now includes two lovely new all-in-one designs.

Code 80209 includes an aluminium swirl inset in front. The other new design available, is the ever popular big seller, the aluminium gecko. Code 80206

The pedestal range is no longer made from concrete. It is manufactured using resin and fibre glass. This makes them light and easy to transport. No more damaged pedestals!

The standard range of colours is grey, rust or black but the pedestals can easily be painted by the customer in whatever colour they require.

INSETS

These cast aluminium inset shapes can be ordered as separate items which can be plastered into the wall or screeded into the floor or even used as a feature on a gate or balustrade. The creative possibilities are endless.

UNDER TILE MIXERS

We have launched three new under tile mixers. The Neo Classic mixer 90413, Neo Deco mixer 90415 and the long awaited Twirly mixer 90412 which will satisfy lovers of the Twirly look.

YOUR HATS AND COATS WILL BE HOOKED ON THESE DESIGNS

10971

Use these products to express yourself creatively. Now you can hook yourself up with any design of hanging space that you may need. The hooks are sold as singles which gives you more freedom of application. They also come mounted onto roughly textured wood thats available in our standard dark brown or white wash finish.

AND THE FAIREST OF THEM ALL.

MIRROR, MIRROR IN THE HALL.

Great new mirror corner designs are now available with rough wood rustic styled mirrors. The wood is pallet material, with saw marks and imperfections that compliment the texture of the aluminium corners. Also available in dark brown and white-wash. The mirrors are made in three standard sizes and include this 'mirror-shelf-hooks' option for entrance halls or bathrooms.
